

# Heat Seal Press Comparison

Feature	EzPress™	PopUpPress™	Other 115V Presses	Expensive Pneumatic Presses
<b>EzWizard™ Software</b> The CPU's <b>EzWizard™</b> software monitors label or patch application for problems and automatically takes the proper corrective action. Such as, if the operator is labeling cold or damp garments <b>EzWizard™</b> will automatically increase the cycle time to insure proper label application.	yes	yes	no	some
<b>Hot Platen Supercharger</b> <b>EzWizard™</b> automatically computes the power that will be lost during the application cycle. Then when the handle is pulled down, it turns on full power to the platen for a few seconds to prevent the platen from cooling while labeling the garment.	yes	yes	no	no
<b>Automatic Piece Counter</b> <b>EzWizard™</b> counts and saves in permanent memory, the total count of all pieces applied. Easy Piece Count auditing for piecework.	yes	yes	no	some
<b>Operator Error Detection &amp; Logging</b> Cold Cycle – operator applied label before platen was hot Long Cycle – operator did not lift handle when buzzer sounded ( <b>EzPress®</b> Only) Short Cycle – operator lifted handle too soon  <i>Operator Error Log is stored in permanent memory for supervisor auditing. Application cycle counter &amp; error detection</i>	yes	yes	no	yes
<b>Reliable Digital Time &amp; Temperature Control</b> Display temperature with 1° accuracy. Control platen temperature to +/- 3°. Display temperature in Fahrenheit or Celsius.	yes	yes	no	some
<b>Tamper-proof Time &amp; Temperature Settings</b> The <b>digital EzPress®</b> & <b>digital PopUpPress®</b> have encrypted time, temperature, calibration and other important settings to prevent operator tampering.	yes	yes	no	yes
<b>Compact &amp; Light Weight</b> It is ideal for retail countertop use. It is only 11" deep x 6" wide x 8.5" high (14" high with handle up). It weighs only 15 pounds. It requires only 5amps of 115VAC power (230VAC optional). No compressed air.	yes	yes	no	no
<b>Quick Change, High Pressure Mini Platen</b> It heats only a small area of the garment. Two hundred pounds of pressure applies labels in 8 seconds at 380°. It has 7 interchangeable sizes to suit all label application needs. Quick change lower platen makes it easy to label a pocket or a care tag.	yes	yes	no	no
<b>US &amp; International Safety Certifications</b> TÜV SÜD America Inc, CE CAN/CSA-E60335-2-44-01:2006, UL 60335-1:2003/A11:2004 /A1:2004 EN 60335-2-44:2002	yes	yes	no	no
<b>Rental Presses Available</b> Both presses are available for monthly rental to customers who need additional presses. Buy one and make monthly payments on the second press, all monthly payments applied toward full purchase price. No interest.	\$125 mo.	\$150 mo.	no	no
<b>List Price</b>	<b>\$995</b>	<b>\$1,395</b>	<b>\$1,595</b>	<b>\$4,995</b>
